“A privately-owned Small Luxury Boutique Hotel with a chic but casual atmosphere.”

Although we meet the official government criteria of a 5-star property, we do not have a restaurant, a spa, and a formal bellman at the front door.

We do not want to mislead our future guests who attribute these specific amenities to their image of a 5-star property, although we do of course provide portage and turn down.

And, as always, our commitment to 5-star service is at the forefront of our day-to-day operations.

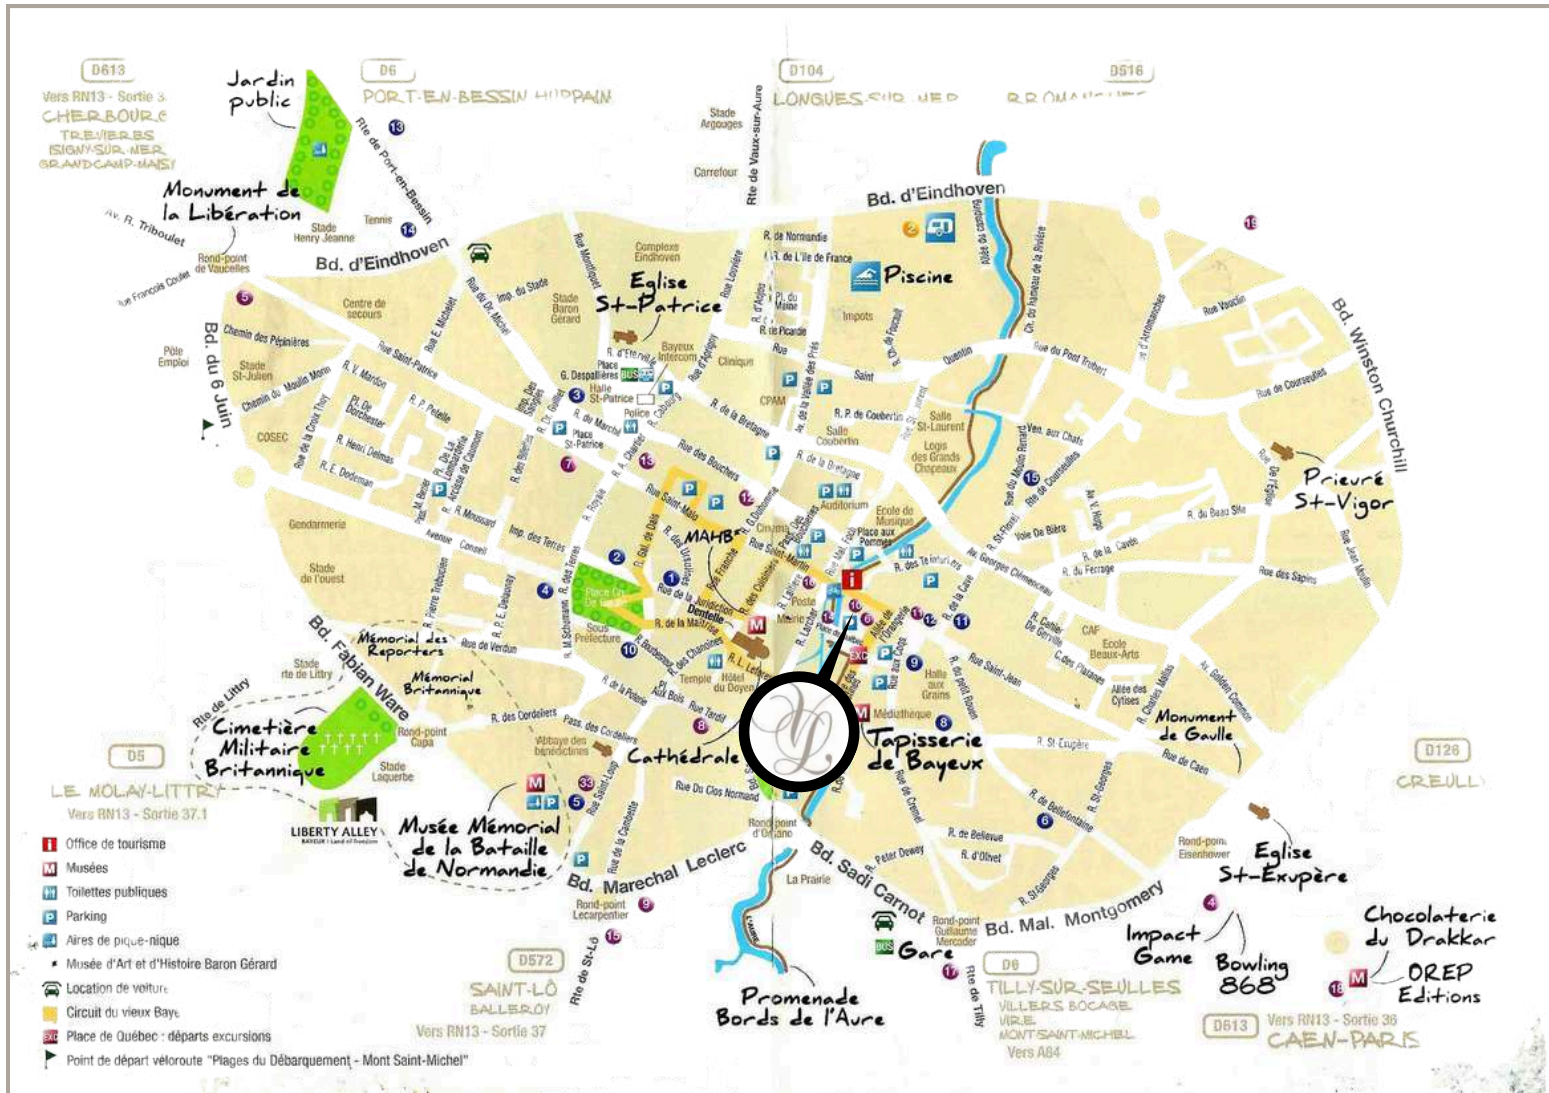

“Boutique Hôtel”

As our establishment is a boutique hotel*****, the decorative objects and art pieces you find here are available for sale. Are you tempted by paintings by various artists, papier-mâché decorations or even a few pieces of furniture?

Here's your chance to have a look and ask questions.
